## DEPARTURE OF TROOPS

**Special Trains Take Most of the Soldiers Away From Frankfort.**

### ACCESS TO THE LEGISLATIVE HALLS.

**It Is Not Known Whether the Democratic Members at Louisville Will Adjourn Session and Go to Frankfort.**

Frankfort, Ky., Feb. 12.—All day long troops have poured out of Frankfort on special trains, and now only the soldiers from Covington, Newport, Lexington and Morgantown are camped in the capitol square.

Governor Taylor remained quietly in the executive mansion, and did not visit his office, giving himself a day of rest, of which he stood greatly in need. Adjutant General Collier said that only a few companies of infantry would be kept on duty here for a short time, to do police work around the capitol square and guard the capitol building. They would, he said, interfere in no way with the actions of the members of the legislature. Access to the legislative halls would be as free and unrestrained as it was before Governor Taylor issued the proclamation declaring Frankfort in a state of insurrection.

The members of the Republican legislature were expected to arrive from London, Sunday, but word was brought that they had spent the day in an excursion to Cumberland Gap, and did not, for the most part, arrive until 10 a. m. Six Republicans came in on the night train from London.

No intimation has been received here as to whether or not the Democratic members of the legislature would adjourn their session at Louisville and come to Frankfort to take part in the general session. It is believed here, however, that they will do so, probably by the latter part of the week.

### Exodus to Frankfort.

London, Ky., Feb. 12.—The exodus of the legislators to Frankfort makes this place seem deserted. The opinion was generally expressed by the members that no trouble will occur when the legislature is convened at Frankfort.

### Still Fast Aground.

New York, Feb. 12.—The sea is growing rougher and the Gate City is still fast aground off East Moriches, L. I., where she struck on Thursday night. The outlook is considered bad now. Sixteen men of the crew were brought ashore so as to make the work of taking off the remainder in case of immediate danger as easy as possible. The men landed in the breeches buoy. Captain Gogins of the Gate City, and 20 of his men, remain on board assisting the wreckers in the endeavor to float the vessel. Desperate efforts to accomplish this will be made at high tide.

### Sang Revolutionary Songs.

Paris, Feb. 12.—The funeral of the Russian Nihilist, Peter Lavroff, was the occasion of a big Socialist demonstration. Delegate representing revolutionary associations in all parts of Europe attended and marched in a long, tumultuous procession from his late residence on the Rue St. Jacques, to the cemetery of Montparnasse. The advance of the demonstration was marked by unceasing and increasing shouts of "Vive la commune" and "Vive l'anarchie," and the singing of "La Carmagnole," and other revolutionary songs.

### Train Robbers Foiled.

Perry, O. T., Feb. 12.—An attempt to hold up southbound passenger train No. 405 on the Atchison, Topeka and Santa Fe railway, was made just after the train left the coal chute a mile north of Perry. Some one pulled the bell cord and the train was slowing down when the engineer noticed several masked men standing near the track. The engineer opened the throttle and the train dashed by the would-be robbers, who made a futile attempt to board it. Officers are in pursuit of the robbers.

### Anti-Trust League.

Chicago, Feb. 12.—A number of notable delegates arrived to participate in the three days' conference under the auspices of the National Anti-Trust league. M. L. Lockwood, president of the league, said the volume of business to come before the conference was so great that sessions might have to be extended beyond time originally intended. Mr. Lockwood will open the conference and Mayor Carter Harrison will deliver the address of welcome.

### Cigarmakers Resume Work.

Havana, Feb. 12.—The strike of cigar makers was settled. The men asked on what conditions they could

return to work, and the masters replied that they could return on the conditions existing before the strike. This reply they accepted, and on Tuesday they will return. The Herald tells Samuel Gompers to return to the United States, declaring that he came here with the intention of creating disturbances.

### BURNING ARROWS.

**Filipinos Make Life Miserable For Americans in Native Towns.**

Manila, Feb. 12.—Of late the insurgents in Albay province, Luzon, have adopted harassing tactics against the towns which the Americans have garrisoned. They camp in the hills and maintain a constant fire upon the American outposts. When the troops sally against them, they scatter, returning when the Americans retire. They shoot burning arrows, and have thus burned a large part of the town of Albay. Indeed, most of the larger towns in that province are practically deserted, except by the garrisons. Scarcely any of the inhabitants return to their homes. They are camping in the interior, and it is supposed armed insurgents prevent them going back. It is reported that there is much suffering among them, owing to lack of food. As a result of these conditions the hemp business in that section is seriously hindered, and ships going for cargoes are compelled to take gangs of coolies to do their loading. Hemp held in the interior is quite inaccessible.

### Gathering of Republicans.

Cincinnati, O., Feb. 12.—Many leading Republicans are here for the fifteenth annual state convention of the Ohio League of Republican clubs, which assembled at 10 a. m. Among those present are Senator Foraker, who speaks on "Our New Possessions" at the Lincoln day banquet; Hon. H. M. Daugherty, who was the leading opponent against Governor Nash at the last state convention; President Goldenbogen, and other officers of the Ohio Republican league; Republican officers and members of the Ohio legislature, and others. Former Governor Bushnell and Ohio Republican members have also arrived. Governor Nash was unable to attend. Former Governor Bradley, after arguing the Kentucky injunction suits in the federal court, is expected to speak on the Kentucky situation. Hon. D. Q. Morrow, a leading Republican at Hillsboro, the former home of Senator Foraker, is considered the leading candidate for president, while it is thought Secretary Speelman and Treasurer Carr will be re-elected.

### Declared Unconstitutional.

Topeka, Kan., Feb. 12.—The state supreme court, in the case of the Atchison, Topeka and Santa Fe Railway company against I. P. Campbell, has handed down a decision holding the act of the legislature requiring railroads to furnish free transportation to shippers of live stock to be unconstitutional. The court was unanimous, and its decision reverses both the appellate court and the Sedgwick county district court. It was passed by the Populist legislature in 1897.

### Negro Murderer Killed.

Hopkinsville, Ky., Feb. 12.—At Cherry Station, Tenn., just across the Kentucky line, Jim Gordon, a negro farmhand, enraged because Mrs. George Rollins, a highly respected white woman, refused to give him some money, savagely attacked her, and cut her throat with a butcher knife. Her screams were heard by her husband, who shot the negro twice and beat out his brains with the gun butt. Mrs. Rollins died in a few minutes.

### A Serious Explosion.

Fostoria, O., Feb. 12.—An explosion occurred in the powder room of the Columbia firecracker works, wrecking a large part of the factory and burning and otherwise injuring six employees. Dell Everhart, the mixer of explosives, was probably fatally injured. Frank Decker, Will McMeen, Jacob Omber and Croup, employees, and Frank Dutcher, a visitor, were badly burned and hurt by falling walls.

### New Incorporations.

Columbus, O., Feb. 12.—Board of Trustees for Enterprise Society of Delta Circuit, Church of the United Brethren in Christ, Delta; Greenhut & Stotter company Cleveland, \$50,000; Sandusky Banking company, Sandusky, \$15,000; Sandusky Automobile Manufacturing company, Sandusky, \$5,000.

### A Serious Charge.

Thompsonville, Conn., Feb. 12.—Robert Spencer, the cashier of the banking firm of R. & D. Spencer, which went into bankruptcy in the United States court at Hartford Monday, with liabilities of about \$105,000, was arrested on a charge alleging the misappropriation of funds.

## ROBERTS AT THE FRONT

**Field Marshal of the English Forces Reaches Modder River.**

### THE BOERS OUTFLANK THE BRITISH.

**Reports From the Scene of War in South Africa Show That Both the Opposing Armies Are Active.**

London, Feb. 12.—The war office has issued the following dispatch dated from the general commanding at Cape Town:

"Clements reports from Rensburg, that on Friday, Feb. 9, the Boers tried to turn his right flank, but were beaten off. Position maintained. Casualties small."

"Kimberley reports that the Boers fighting force was apparently increased on Wednesday, Feb. 7. Next day the Boers commenced the construction of trenches to the east, nearly parallel to the Glacis and 400 yards from the Premier mine. A native reported that he accompanied some Boers while flanking for Kimberley, carrying with them a six-inch gun and a quick firing field gun. The former opened fire on Kimberley. Otherwise the situation is unchanged."

### Boers Outflank British.

Rensburg, Feb. 12.—The Boers outflanked the British here Saturday. A considerable force of the enemy was threatening the British communications between Rensburg and Singersfontein, 12 miles away, and during a reconnaissance by some inniskillings and 20 Australians from Singersfontein, the Boers were discovered attempting to get a gun in position to shell the British camp. The Australians, having come into very close contact with the enemy, took cover under a hill about 9,000 yards from the camp. Thereupon the Boers took up a position with a view of preventing their retirement. Some burghers got within 200 yards of the Australians and called upon them to surrender. They replied by fixing bayonets and shouting defiance. Sergeant Edwards and two men made a dash, and, galloping under a hot fire, passed a number of hills held by the Boers, took word that the Australians were safe and confident of holding the enemy at bay and of getting out after dark, which eventually they did. The inniskillings prevented the enemy getting their guns in position. The Australians lost one man killed and three wounded.

### Watching the Boers.

London, Feb. 12.—The Pietermaritzburg correspondent of the Daily Mail, telegraphing, says: "The Boers have occupied Bloy's farm, south of the Tugela, which is under an hour's ride from Chieveley, and have turned the homestead in to a hospital. On the farm are hills commanding both bridges over the Tugela, as well as Forts Wylie and Molyneux, and from which a view of Bulwara and Ladysmith is obtainable. There is much apprehension here regarding the Boer movements, and the authorities are on the alert."

### Expect to Be Shelled.

Modder River, Feb. 12.—Apparently the Boers have brought all their big guns from Mafeking to shell Kimberley. Our naval guns shelled Magersfontein, but the Boer guns were silent. It is supposed that the enemy have withdrawn their artillery. They are blowing up the permanent way beyond Morton Siding. The Boers still man their trenches, but their numbers are apparently reduced. The bulk of their force has gone to Kimberley or toward our flank.

### Junior Officers Involved.

Cairo, Feb. 12.—Official investigation shows that only a few Egyptian officers, all of them young men, were involved in the trouble with the two Sudanese battalions, whom they had advised to obey the order to give up cartridges. It seems that the implicated officers had become excited over Anglophobe articles, published by the Liwa, which praised the Transvaal and advised the Egyptians to take advantage of British distractions in South Africa.

### A Dozen Dead Boers.

Modder River, Feb. 12.—The Highlanders have returned. Before retiring they found the bodies of 12 Boers. They believe the losses of the enemy were heavier than those of the British, because it is known that, in addition to the dead Boers found, several had been buried.

### Lord Roberts at Modder River.

Modder River, Feb. 12.—Lord Roberts is here. Upon appearing before the troops on Friday he was enthusiastically cheered. He visited the camp of

the Highland brigade and complimented General MacDonald and his men on the steady conduct at Koodoosberg drift.

### To Outflank Buller.

Durban, Feb. 12.—It is rumored here that General Joubert is marching with a column of 6,000 men to outflank General Buller.

### FORECAST IN CONGRESS.

**The Currency Bill Will Be Disposed of in the Senate.**

Washington, Feb. 12.—The first four days of the week will be given up to the currency bill in the senate, and after that measure is disposed of there will be a contest for precedence in the interest of several measures.

These include the bills for providing forms of government for Hawaii and Porto Rico, the Nicaragua canal bill and the resolution for the seating of Senator Quay upon the appointment of the governor of Pennsylvania. Just now there is some sharp sparring for first place. The currency bill will be voted on Thursday, and all the time not given to such routine business as the introduction of bills and the presentation of reports and petitions, will be devoted to this measure until it is acted upon by the senate. The first two days of the week will be consumed with set arguments for and against the bill, prepared in advance, and Wednesday and Thursday will be devoted to speeches not exceeding 10 minutes in duration on the various amendments to the bill.

The most important of these amendments is that offered by the Democrats through Senator Jones (Ark.) for the free coinage of silver on terms of equality with gold. Following this, numerous other changes will be suggested, but it is quite well understood that all of them will be voted down unless proposed by the committee on finance, with which the bill originated. The Democrats count upon getting all the Democratic, Populist and Silver Republican votes, except those of Senators Caffery and Lindsay, gold Democrats, for their free coinage amendment, but they will still fall far short of the necessary number. No one doubts the passage of the bill by a large majority on the final vote. Senator Aldrich says he counts upon a majority of 20 or 22 votes. The opposition do not concede so many, but admit that the total against them is formidable.

### Program in the House.

Washington, Feb. 12.—The time of the house will be completely occupied this week. First, under the rules, will be considered business relative to the District of Columbia. On Tuesday the legislative, executive and judicial appropriation bill, which will be reported to the house, and will then be taken up. It is expected to consume Tuesday and Wednesday, and on Thursday the house will enter upon a week's discussion of the Porto Rican tariff bill. This measure, as the entering wedge in the matter of legislation for our insular possessions, naturally attracts much attention, and there has already developed great pressure for time, especially upon the Democratic side, so that it is probable that night sessions may be held toward the close of the debate next week.

### Liquor at Manila.

Washington, Feb. 12.—Captain F. M. Wells, chaplain of the First regiment of volunteers, who has just returned from the Philippine islands, spoke in Garfield Memorial church under the auspices of the W. C. T. U. on the liquor question in the Philippine islands. He declared that since the Americans took Manila 400 places where liquor is sold had sprung up in Manila, while before the Americans came to the islands Manila had only three saloons. The Filipinos, he asserted, spoke well of the American soldiers, save that they said the Americans were "bad people" when they had drunk too much liquor.

### The Hawaiian Bill.

Washington, Feb. 12.—Representative W. S. Knox (Mass.), chairman of the house committee on territories, has completed his report upon the bill for the creation of the territorial form of government in Hawaii, and it will be submitted to the house at once. The report is a very voluminous document of 168 pages, going exhaustively into all the questions involved, and thoroughly covering every phase of the bill which the committee has agreed upon, after many hearings and much investigation.

Victoria, B. C., Feb. 12.—The steamship City of Dublin from the Orient has advised that the punitive expedition of British North Borneo police sent against Matsalleh has captured two forts. Many of Matsalleh's men were killed. He himself has taken up a position in the bush, with 100 men armed with Sniders.

## IT DID NOT WORRY HIM

**Molineux Rests Well After Being Found Guilty of Murder.**

### JUROR TELLS ABOUT THE VERDICT.

**They Were of One Opinion From the Start That the Nervy Defendant Was guilty of the Heinous Crime.**

New York, Feb. 12.—Roland B. Molineux, convicted of the murder of Mrs. Katherine J. Adams, was said by Warden Hagan to have slept as calmly, Saturday night, as he did on any other night since his incarceration in the Tombs, beginning nearly a year ago. The verdict of the jury, pronounced late Saturday night, the warden said, did not seem to have in the least affected Molineux, so far as his outward appearance was concerned. The warden said that Molineux's appearance is in striking contrast with that of other prisoners who had been in his charge and who had within the last three years been convicted of murder in the first degree. He arose at the usual hour, took exercise for one hour in the prison yard and the usual breakfast supplied by the prison caterer, and then read with apparent composure the morning newspapers, after which he attended the usual Sunday services. The only caller was his grief-stricken and venerable father, who has not yet given up hope, and expects that the higher courts, which will be appealed to, will free his son. During the day young Molineux remained in his cell in murderer's row.

### Scenes in Jury Room.

New York, Feb. 12.—The Molineux jury spent a quiet Sunday. One juror said: "If I were going to write as a reporter about it, I would probably commence by saying the jury was a unit upon the guilt of the defendant; that one, two or perhaps three of them, however, thought it well to go through the case, discuss the various phases of it, and see if the evidence beyond a most reasonable doubt would warrant such a verdict. I would probably explain the length of time the jury was out by this: That by the time the two or three particularly interested men in reviewing the case had gone over it with great care, assisted by careful notes, and the remainder of the jurors made a few comments, nine hours were consumed."

"I understand there was much conjecture as to why the jury did not go to lunch after the charge as expected, and as a reporter, I should attempt to explain that by saying it was discovered almost immediately after they reached the room, while discussing whether to go to lunch or not, that all were of one mind, and each thought the whole matter could be finished in probably an hour at the most, and in order to get to their homes quickly they decided to forego the lunch, and got along on the sandwiches. I don't think I would have much balloting in my version, probably a preliminary and final after the discussion."

### Ontario and Raw Material.

Toronto, Ont., Feb. 12.—The Ontario cabinet was interviewed by a strong deputation, which asked that the government should prohibit the exportation of tan bark cut on crown lands. The premier assured the deputation of his intention to protect as far as possible the use and manufacture in this province of its native raw materials. The government has practically decided to prohibit the exportation of hemlock bark.

### To Centralize Tool Plants.

Pittsburg, Feb. 12.—Negotiations are in progress for the purchase of 100 acres of land on the Ohio river, a mile below Steubenville, Ohio, by the American Ax and Tool company, the purpose being to centralize the many widely scattered plants of the concern at that point. The largest plants of the company are at Beaver Falls, Pa.; Millvale, Pa.; Albany, N. Y.; Portland, Me., and East Douglass, Mass.

### Shot His Sister.

Chillicothe, O., Feb. 12.—A distressing accident occurred at Newburg, August, the 7-year-old son of Peter Hurley, found his father's shotgun under the bed and began to play with it. As a result it was discharged, the entire load entering the right thigh of Dora, an 11-year-old sister. She can not recover.

Columbia, S. C., Feb. 12.—Frank B. Gray, speaker of the house of representatives, and Representative T. F. Brantley received a dispatch from Mr. Bryan stating that he would speak here next Thursday in response to the invitation of the general assembly. Extensive arrangements will be made for his reception.
